

Cooker hob FL 7202 032

Cooker hobs

Code: 7202 032

DETAILS

Supply	220-240 V; 50.60 Hz
--------	---------------------

Edge/Installation Type	Standard (8 mm Edge)
------------------------	----------------------

Dimensions	860x500 mm
------------	------------

Base size	86cm
-----------	------

Heating element	three burners
-----------------	---------------

Cut out	840x480 mm
---------	------------

Grids	Cast iron grids and enamelled burner covers
-------	---

Material/Finish	Foster-brushed finish AISI 304 stainless steel
-----------------	--

Total power	11.750 W
-------------	----------

Semirapid	1.750 W
-----------	---------

Dual	2x5.000 W
------	-----------

Safety	Safety valve with quick-acting thermocouple
--------	---

Ignition	Electric ignition under knob
----------	------------------------------

Gas type	Tested for installation with natural gas, LPG nozzle set included.
----------	--

Type	Gas Hob
------	---------

EQUIPMENT

FEATURES

Aeo burners	The AEO burners guarantee up to 25% energy saving compared to standard burners. All models are designed with The Dual burner with 2 independent crowns, controlled by a single knob, delivers from 1 to 5KW, a power that can only be found in professional models.
-------------	---

Cast iron grids	Cast-iron is the ideal material for an hob grid, this due to the manifold properties characterising it: high heat capacity that improves cooking performance; high weight and stability that improve safety; sturdiness that preserves the hob's original aspect over time; easy cleaning.
-----------------	--

Gas hobs	
----------	--

Safe cooking	All Foster cooker hobs are equipped with safety valves. They shut off the gas supply very quickly if the flame accidentally goes out.
--------------	---

Special burners	Many Foster hobs are equipped with special burners, with two or three rings of fire that greatly increase the power delivered and the heated surface. In the DUAL models the two fire crowns also have independent ignition, making these burners perfect for both intensive and delicate cooking.
-----------------	--

Ultra-flat hob

Design meets functionality in the the ultra-flat models. Elegant grids that form a generously sized overall surface.

Under-knob ignition

The utmost freedom of movement with electronic under-knob ignition, a common feature of all models that allows a one-hand ignition of the burner.
